The Message: God's Immutability Part 1

God cannot _____.

From the book pg27: God's immutability is the guarantee that all our labors to know and love Him are not _____.

Why is it a good thing that we CAN change and God CAN'T change?

In Psalm 102:1-2 We see the realities of God collide with the human condition.

There are 2 Factors:

1. The _____ of God's _____.

Can you relate to this in your lifetime?

2. The Psalmist's _____ of the _____ of God.

a. Psalm 77:1-3

b. Psalm 102:24-27 Why does this bother the Psalmist? He wants to see God's good _____ unfold in his lifetime.

c. The _____ is described in Psalm 102:3-11

As you are getting to know God better and deeper, and you see His character, nature and purposes clearer, does it bother you that you do not see this reflected in the modern day church and even some Christians?

The reason this is important:

1. God has purposed to give His Son a _____

2. God has purposed to give His Son a _____

3. God has purposed to make every single Christian _____ His _____ in the End.

Look at the shift of what the Psalmist says in Psalm 102:12 God is _____ His people, but He is also the _____ for His people.
